

Senior Project Meeting with Datto

Tuesday September 16, 2014

1. Review User Stories
2. Questions:
 - a. At this point, the heat map requirements have been described as a “quick glance” tool and no interactivity has been specified. What are you guys going to do once you see a customer at risk on the heat map?
 - b. Interactivity for MSPs?
3. Website Demo
4. Project Plan
5. Risk Management
