*Could Not Meet with Sponsors

- **Chris on vacation.**

- **Sharon could not make it.**

- **Proposed to reschedule for Thursday. Otherwise, we will meet again the Tuesday we come back.**

5. Midterm Evaluation

6. Reviewed Deliverable with Professor

    a. Suggested to think about making more realistic data if we cannot get the data dump from datto.

    b. Start thinking about the final presentation.

    c. Regarding the demo for the presentation; do it live if we have a good data set.

    d. Agendas should have:

        i. Have the 5 Ws

            1. Who, what, when, where, why, how.

            2. Consider a template - look them up online.

            3. Main Roles: Facilitator and Scribe.

4. Keep root-cause analysis in mind(we already do more or less during retrospectives)
5. Keep acceptance testing in mind - often its based on the strength of the individual for scrum; so its a bit hard to properly do it.
