

Research Paper (100 pts)			
Research proposal: (4 references) 15 pts			
Draft (intro, lit review, 6 references) 25 pts			
The introduction provides an adequate context for the paper. The who, what, and why questions are answered.			
The six references are appropriate and the reviews provide an adequate overview.			
A summary of references is provided.			
Final (intro, lit review (8 references), analysis): 50 pts			
The introduction is updated as appropriate.			
The eight references appropriate and the reviews provide an adequate overview.			
The analysis addresses the questions of UX life cycle implications, UX pros and cons, adaptation rate, your interest, and your conclusions.			
For all deliverables, make sure to have the following criteria: 10 pts			
Good technical writing (e.g. grammar, spelling, style)			
Use of either the ACM or APA research paper template			
Legibility: lack of it will be a penalty, as it is important			
Scholarly references
