Action Items

Paul

- ~~Send list of reporting functionality~~
- Continue off-line review of product backlog

Team

- Continue with team work

Meeting Notes

Look for opportunities to simplify things (i.e. the check-in process)

Check in workflow

- Clarification of "sort by name" filter
    - Applied from the screen with the list of students

Discussion of backlog:

- Instructor login ("fairly critical"):
    - Record changes in student ranks
    - Instructors have unique IDs (eventually)
    - See *basic* student information (e.g. progress)
        - excluding financial info
        - excluding contact info
- Three "views" (user IDs?)
    - Student
    - Admin
    - Instructor

Updated attendance screen wireframe

Object modeling discussion

- Discussion of subsystems, classes and their relationships to one another and the DB implications
