Meeting Notes

Reviewed Paul's review with Dr. Ludi
- Need to be more transparent with who is doing what
- Keep Paul in the loop (i.e. switched process models)

Presented proof-of-concept demo of CRUD functionality
- Wants a dummy layout or mockup of a window to test aesthetics and usability on a tablet
- At the very least, wants to know the optimal size/resolution/orientation for the system

Discussion of client-side libraries
- Started coding front-end as a team

Meetings changed to Thursdays 4:00
