- Timeframe for Paul to run app locally

Paul
- Android and Chrome Version on Motorola Xoom
- Research android/chrome version of cheap tablets

Meeting Notes

Programs
- Still need to implement ranks

Students
- Upload picture on tablet to pull up camera
- Birthday date not in readable form in confirmation page
- Phone numbers don't have the dashes when editing/viewing/on confirmation page

Multiple email addresses
- e.g. mom and dad separate email, work emails

System is not responsible for assigning a student based on age. Paul assigns the class. Add student to class in class list

Paul selects program/class before handing tablet to student/parent for registration

Need Motorola Xoom - Android/Chrome Version

Sprint Releases
For Paul to have something definite to play around with
